You are hereby ordered to obtain the services of a Pennsylvania Licensed Professional Engineer to serve as the design professional in responsible charge pursuant to Administrative Code Section A-304, and maintain, at a minimum, the following responsibilities:

- 1) Immediately assess the structure to determine the extent of the structural defects and submit those findings along with a timeline of corrective actions to the Department.
- 2) Design and observe the immediate installation of temporary protections of the public way and adjacent properties.
- 3) Develop a remediation plan, detailing the extent of the required removal and replacement of structural components and temporary shoring required for the remediation. The remediation plan must contain adequate construction details to confirm code compliance as well as provide the responsible contractor with necessary direction in approaching and completing the necessary repairs.
- 4) Submit such remediation plan with details to the Department along with an application for a building permit.
- 5) Provide periodic structural observations of the remediation work throughout the repair process.
- 6) Inform the Department if a condition arises which poses an immediate threat to public safety.
- 7) Upon completion of the repairs, submit a sealed statement to the Department that the structure has been made safe.
- 8) Inform the Department if oversight responsibilities are terminated by the owner.
